Dear Ms. Johnson:

Mary Erickson, Gallatin National Forest Supervisor, has withdrawn the Bozeman Municipal Watershed ROD, which you appealed on March 31, 2011. She sent a letter, dated May 19, 2011, to all those who have shown interest in the project, notifying them of her decision to withdraw the ROD and offer a 45-day opportunity for public review and comment on the supplemental EIS. She has also published a legal notice of her decision in the newspaper of record.

Since the decision has been withdrawn, in accordance with 36 CFR 215.16(a)(7), your appeal has been dismissed without review. This decision is the final determination of the Department of Agriculture.

Sincerely,
